"A Letter From The Boss"

Dear Flower Lover:

This Price List is our latest, it is being mailed out to all our old customers whose names we have on our mailing list. If you would like us to mail one to a friend, write their name and address on a post card and we'll be glad to mail them one.

As you can see this is no elaborate catalog, we gave up that idea long ago. Fancy pictures, color work, high gloss paper etc. costs plenty of money and some one has to pay for it, usually the customer. We don't like to charge our customers any more than is absolutely necessary.

Times have changed, used to be you could sell anything at any price, not now, good old competition is back with us again. We folks at VIRGINIA LEE GARDENS are doing everything possible to meet that competition. We have cut down our overhead wherever possible, no fancy catalog is an illustration.

During recent months we have made two price reductions on most items, as you read through this pamphlet you will find that all our prices have been revised downward without sacrificing our usual high quality plants or careful, painstaking packing methods.

We pledge ourselves to pass on all savings to our customers and to maintain the same high standard merchandise. We wish to take this opportunity to thank you one and all for your past patronage and trust that we may be of service to you in the near future.

Yours for finer African Violets,

Sustaining Member;
African Violet Society
of America, Inc.

Alex. H. Frentzen.
VIRGINIA LEE GARDENS

"FREE OFFERS" (Effective Nov. 1, 1949)

With every order amounting to \$10.00 or more for plants only we give you FREE the booklet CARE & CULTURE OF AFRICAN VIOLETS, by Lloyd Putnam Lindsey.

With every order amounting to \$35.00 or more we give you FREE any book of your own selection listed in our BOOK DEPARTMENT.

NOTE—Do not include Wik-Fed Pots, Soil, Books, Cuttings etc. This applies to Plant orders only.

"Letters To The Editor"

(These were unsolicited from satisfied customers)

Jan. 12, 1949—I wanted to let you know my last shipment of plants and leaves arrived in perfect condition, though the temperature was at 16 degrees F. when they came. Thank you very much. R. W. U., Oklahoma City, Okla.

Feb. 19, 1949—One cannot describe this perfect way of packing such delicate plants, in one word. I think they would stand most any freeze and come through in perfect condition. They were still moist and having them in pots makes it much easier for us to re-pot them in larger pots. Mrs. L. G. A., Clearbrook, Va.

Mar. 22, 1949—Received the African Violets on March 19th. In fine condition. I am very pleased with the beautiful, healthy plants. Sincerely yours, Mrs. R. K., Danbury, Conn.

April 22, 1949—My order of Violets arrived on April 15th, and I must congratulate you upon the ingenious method of packing. After the long trip across the continent, they were as fresh and perky as when they were packed. Thank you for your promptness. Very truly, Mrs. E. M., Oakland, Calif.

May 6, 1949—I want to congratulate you on the method used in shipping your plants. My order of African Violets arrived in perfect condition, the plants were as nice as any I could have purchased from a shop in my own town. I am enclosing a check for \$3.00 for the Afri-Gro to transplant them in larger pots, I have transplanted some and they are in fine shape, the soil seems to be better than any I have used heretofore. Yours respectfully, Mrs. B. B. L., Dallas, Pa.

June 6, 1949—My plants arrived Saturday in excellent condition in spite of the customs. They were so attractive in their Gift wrappings. Thank you for your prompt attention. Sincerely, F. P., Toronto 12, Ont., Canada.

July 18, 1949—I am in receipt of the six Violet Plants. These are the most beautiful lot of plants I have ever seen. I have bought quite a large number of plants via mail, but have never seen such perfect packing of plants known to be so fragile, your method is faultless indeed! Yours very truly, Mrs. B. G., Harrisonburg, Va.

Aug. 20, 1949—I received the plants in very good condition, just like you handed them to me. The plants were packed very good and would have stood it several days longer. Mrs. A. W., Gleason, Wis.

Sept. 29, 1949—I have received the Violet which you forwarded to replace the one which arrived in poor condition. I thank you for your courtesy and promptness in making it right. Mrs. E. J. M., Brooklyn, N. Y.
